ACCOUNTING ENROLLED AGENT PROGRAM

The Certificate of Completion in Enrolled Agent is a great way to take your accounting skills to the next level. In just one year, you can become a federally licensed tax preparer and earn the EA designation. The program is two semesters of nine credits each, including hands-on internship experience.

The EA Program can be completed on its own or in addition to either of Paradise Valley Community College's Accounting degree or certificate. Many of our students work in the field as an EA while completing their Accounting AAS.
